Brain Games- Strategies Based Learning Lab

Instructor: Pam Edwards and Kim Studds

Grade Level: 2-5

Day/Time: Tuesday Afternoons 4:05-5:05 pm

Games (including many popular board games) will be played to understand the strategies needed to be successful in the game. Students will have fun playing the games while supporting critical thinking skills, problem solving skills, spatial reasoning skills, math skills, as well as build positive social skills. There is much research that supports this, such as, "As kids get older, we might also use board games as part of program of teaching critical thinking skills. We know that middle school students can make substantial improvements in problem-solving ability-even general IQ- when they are taught general principles of critical thinking. (Hernnstein et al 1986)" *Parenting Science 2009 Gwen Dewar. Ph.D.
